LEAVING FROM REDCLIFFE

There is nothing more fascinating than watching whales in their natural environment, playing and curiously observing us as we marvel at their beauty and tranquil nature. Hopefully we will see them put on a spectacular performance showing their natural playful and cheeky behaviour. These prehistoric mammals once culled to near extinction, visit our waterways every year as they travel to give birth to their young and start the reproduction cycle all over again. Our last trip in 2019 we had 3 1/2 hrs of the whales performing just near the vessel Eye Spy

THIS IS A ONCE A YEAR MUST SEE
