A CELEBRATION BORN OUT OF HARDSHIP

Nestled in the heart of the picturesque Scenic Rim Region you will find us amongst the million sunflowers at our annual Kalbar Sunflower Festival. In 2021, Lucerne farmers Jenny & Russell Jenner were struggling to keep their crops alive during one of the longest droughts in living memory. Water had gotten so bad that they couldn't grow their main crop, but after Russell brought a bunch of sunflowers home from the grocery store the two had a light bulb moment. Sunflowers need very little water and they look spectacular and from there the festival grew. Life hasn't gotten any easier for the Jenner's and in late 2021 Russell was diagnosed with Stage 4 Oesophageal Cancer. His stoic nature saw him battle through & help create happiness at the 2022 & 2023 Sunflower Festival where over \$115,000 was raised for cancer care. Unfortunately Russell lost his battle a few months later in July 2023. Jenny is determined to continue farming & creating a happy & joyful experience for visitors to the farm once a year with the annual sunflower festival. With a mighty team behind her we have raised over \$435,000 since 2022 which has provided funds to employ a Cancer Care Nurse at the Mater Hospital Springfield & also purchase cuddle beds for Palliative Care Wards throughout south east Queensland. Thank you to all that come along & help us reach this wonderful total to aid cancer care for all.
